**NEW BUSINESS**

The Mayor of Wantage Jon Morris introduced a local couple who are donating a unique multipurpose pavilion to Woodbourne Park. Since the couple regularly frequents the park, they wanted to give back something positive to the community and at no cost to the tax payers. The pavilion will have a country farm-inspired design, reflecting upon our town's natural, rural aesthetic. Construction is scheduled to start in July with a projected completion date in September.

Jon Morris delivered an update on soccer fields 5 and 6 at Woodbourne Park. The two fields are in the process of undergoing renovations which include an irrigation system, reseeding, and a fence for safety.

Jon Morris mentioned the township is in the process of finalizing a shared service with High Point Regional High School. The first step towards park maintenance would be to fertilize Woodbourne Park's grass and trees, which will lead to the eventual takeover of upkeeping the baseball and softball fields. This partnership will lessen the burden on our hardworking volunteers and shift more responsibility to Wantage Township.

Jon Morris mentioned that the township is in the process of preparing an ordinance to change Wantage Recreation from a Commission to an Advisory Board. This decision will streamline field maintenance communications, increase the township's responsibility, and allow the Recreation Advisory Board to focus on special events throughout the year.

Ken Karnas received a donation constructed by Wayne Card in order to install a "Little Free Library" which is a wooden structure containing free books for the community to enjoy. This will be located near the playground area at Woodbourne Park.

Stu Baker sent detailed plans to recreation regarding the revitalization of the Wantage Township Dog Park.
